Good Morning Gary,

My manager was out of office early on Friday.. He is back in this morning. So please bear with us, as soon as he gets caught up on requests we will go from there.

We appreciate your patience.

Regards,

**Katie:**

**I am just trying to get some feedback on pricing. I want to get you guys on a list of vendors for pickup and disposal/recycle of the containers that I sent you pictures on. This will help us determine how to proceed.**

**Thanks**

Katie

This is a Federal Superfund cleanup site. Some containers have labels and some do not. Who knows if that was what was in them.

Here are some pictures.

Good Morning Gary,

Per our conversation yesterday; here is some info on what we will need to proceed with your request.

Please send us over some pictures of what you have on hand now. Along with the MSDS's if possible. We will need to see what kind of condition they're in before continuing. Do you know about how many you accumulate each month? What is the physical address of where these are currently located?

James, he is looking to have us pick up for him. Just wants to know what our process is and our requirements. Please add anything you might need too.
